Care *YOU* Can Afford

We know figuring out how you will pay for your or your family's health care can be scary and believe quality health care should be affordable to all. You will never be denied services because of your inability to pay. We offer financial assistance, including a sliding fee scale, which gives us the ability to "slide" or discount the fees for your care.

Check out these examples to see where you might fall on the sliding fee scale:

- Single person making $10.00/hour, 20 hours/week qualifies for Level 1 of the slide. You would pay $10 per medical visit.
- Family of 2 making minimum wage, 40 hours/week qualifies for Level 1 of the slide. You would pay $10 per medical visit.
- Family of 3 making $15.00/hour, 40 hours/ week qualifies for Level 2 of the slide. You would pay $15 per medical visit.
- Family of 5 with a monthly income of $5000 qualifies for Level 3 of the slide. You would pay $20 per medical visit.
- Family of 6 with a monthly income of $6,500 qualifies for Level 4 of the slide. You would pay $25 per medical visit.
